SUMMARY

MERN Stack Developer having 1+ years of experience in designing, developing, and deploying high scalability web applications. Skilled in handling end-to-end project lifecycles, from development to deployment, with a focus on optimizing user experience and functionality. Experienced in **SaaS-based solutions**, **cloud deployment**, and **cross-platform mobile development**. Skilled in working with cross-functional teams to provide high-performance, quality solutions.

Technical Skills

Frontend: HTML, CSS, JavaScript, React.js, React Native, Redux, Tailwind CSS, Bootstrap, Reactstrap

Backend & Databases: Node.js, Express.js, MongoDB, PostgreSQL, SQL

Cloud & DevOps: GCP, AWS, Nginx, Python, Linux, Docker, Kubernetes, Ansible, Terraform, Jenkins, CI/CD Pipelines, Prometheus, Grafana

Tools: Git, GitHub, GitLab, Postman, Visual Studio Code, Jira

Experience

Software Developer (MERN Stack), Termscript Data Solutions India Pvt Ltd Sep 2024 – Present

- Created and deployed a **SaaS-based School Management System** using the **MERN stack**, utilizing **GCP VM** and **GCP Bucket** for storage and deployment.
- Designed and implemented modules for **finance management**, **attendance**, **Document Management**, **Examination**, **Reports**, **Notices**, and **certificates generation**, improving operational efficiency by 40%.
- Developed **TulipParent**, a **React Native** Android application with **OTP-based authentication**, enabling parents to track attendance, view exam results, and receive real-time school updates, enhancing parental engagement.

MERN Stack Developer Intern, ICEICO Technologies Pvt Ltd Jan 2024 – Jun 2024

- Built web applications using **MongoDB**, **Express.js**, **React**, and **Node.js**, enriching front-end interfaces with **Tailwind CSS**.
- Acquired practical experience in **MERN stack development**, handling various tasks and understanding project workflows in a professional setting.
- Completed training in **MERN stack**, improving development and problem-solving skills.

Projects

TulipSchoolERP (SaaS Product)

- Contributed to the development of a cloud-based School Management System with the **MERN stack**, optimizing academic and administrative processes for a school with **thousands of students**.
- Tech Stack:** MongoDB, Express.js, React.js, Node.js (MERN), GCP.
- Key Achievement:**
 - Automated 40% of manual work by automating examination procedures, fee collection, report generation, and more.

TulipParent App

- Developed a React Native Android application for students and parents, with OTP login, real-time attendance reports, school notices, and exam result updates.
- Tech Stack:** React Native, Node.js, MongoDB.

Education

Master of Computer Application (MCA), CGPA: 8.15 2022 – 2024

- Institute:** G.H. Rasoni Institute of Engineering & Technology, Nagpur

Bachelor of Computer Application (BCA), 81.07% 2019 – 2022

- Institute:** G.H. Rasoni Institute of Information Technology, Nagpur
